

Formed in 2005, the Deer Mountain Road District maintains all roads within the road district boundary and ensures the safety of those who travel within the district.

The Road District handles all road maintenance and related matters and is by law a governmental subdivision of the State of South Dakota.

The annual meeting is held on the first Tuesday in May. Other meetings are held at the request of the board of directors.

To receive periodic emails regarding emergencies or other pertinent road district information, send an email to DeerMountainDistrict@gmail.com to be added to the group contact list.

Deer Mountain Road District is a member of Crime Stoppers. All suspicious or illegal activity will be reported to law enforcement.

Be a good neighbor & respect private property:

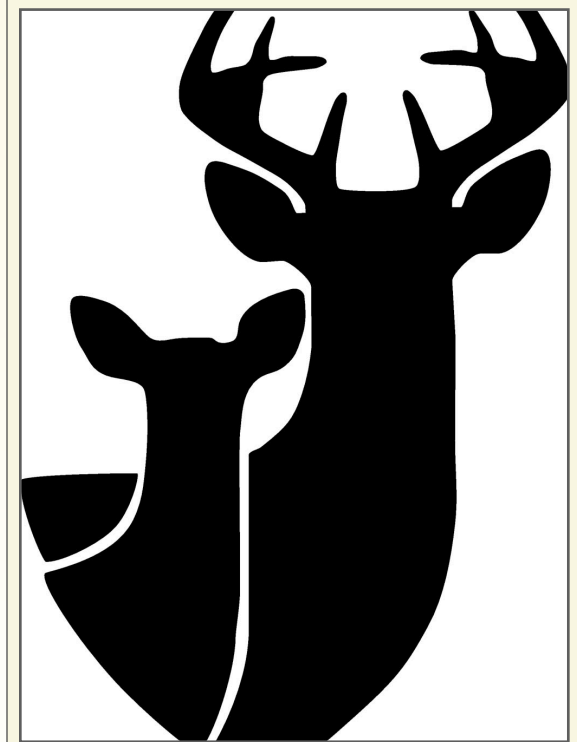

- Identify and remove all infected/dead trees before the spring of each year.
- Clear your driveway culverts two time per year to allow water to flow freely in ditches
- Store garbage in sealed containers to prevent wildlife encounters.
- Inform renters of all rules & regulations.
- Individual owners are responsible for the removal of noxious weeds and pests on their private property.
- Lawrence County Emergency Services strongly encourages residents to install reflective 911 emergency address signage at the ends of driveways to residential properties.
- Do not push private driveway snow unto the roads. Pile the snow on the sides of the private driveway.
- Noise levels must be kept at a minimum from 9 p.m. to 9 a.m. daily. The development is a private residential neighborhood.
- **15 MPH speed limit for ALL vehicles**
